Homepage Audio

The screenshot shows the 'Audio' section of the RadioManager interface. At the top, a blue navigation bar contains the 'MIB Mood' logo, navigation links for 'Planner', 'Stats', 'Revenue', 'Settings', and 'Forum', a search bar, and a language dropdown set to 'EN'. Below the navigation bar, the 'Audio' section is titled 'MIB Mood' and features a left-hand sidebar with a list of audio categories: Music (19), Playlist (6), Jingle (7), Promo (2), Voice Tracks (1), Podcast (3), and Fillers (2). The main content area is a grid of nine cards, each representing a different audio category. Each card includes an icon, a title, a brief description, and a 'New Box' button with a plus sign. Three callout boxes are overlaid on the interface: one pointing to the 'MIB Mood' logo with the text 'Your radio and personal profile', one pointing to the 'Forum' link with the text 'Join our forum for detailed documentation and to ask your questions', and one pointing to the search bar with the text 'Simple and advanced search'.

Audio Categories:

- Music (19):** Create and manage your dynamic boxes. They allow you to filter all your tracks dynamically.
- Playlist (6):** Create and manage your playlists. This section gathers all the playlists that you have created or imported. Playlists allow you to stream content (music & talk) in a specified order at a precise moment in time in the day.
- Jingle (7):** Create and manage your jingle boxes. They contain all your uploaded jingles and/or the ones provided by Radionomy. Jingles allow you to add a personal touch to your station.
- Promo (2):** Create and manage your promotions. You can add your own promotional messages and set time parameters on when those messages should start and stop playing on your station.
- Voice Tracks (1):** Create and manage your voice tracks. Add and manage your own messages, announcements, and any talk content that you would like to insert.
- Podcast (3):** Create and manage your podcast boxes. They contain all your uploaded podcasts and/or the ones provided by Radionomy. Click here to subscribe to some Radionomy podcasts.
- Fillers (2):** Create and manage your filler boxes. They contain all your fillers and the ones from Radionomy. Persons that aren't targeted by advertising will hear these 2 minutes fillers.

The screenshot displays the RadioManager interface for editing a Day Template. The top navigation bar includes 'MIB Mood', 'Planner', 'Stats', 'Revenue', 'Settings', and 'Forum'. The main menu shows 'Audio', 'Clocks', 'Day Templates', 'Planning', 'My Files', and 'Security'. The 'Day Templates' sidebar on the left lists several templates, with 'DT20141020 PL' selected. The main workspace shows a timeline for 'DT20141020 PL' with content blocks: 'CL20141020 PL' (05:00-06:59), 'PL20141020 JINGLE60' (07:00-07:30), '24/7' (07:30-05:00), '10:00:00 | News - US', and '12:00:00 | Test Promos'. A callout box points to the 07:30-05:00 block with the text 'Set the time of each commercial break'. On the right, a zoomed-in view of the 'Ads' section shows a grid of ad play times from 05:15 to 21:45 in 10-minute intervals.

Drag & drop your day templates directly in your planning. By clicking on the generated planning icon, you can also see the exact logs, move or add or delete a track, reset your planning or do a csv export. You can easily extend your planning to the other days by dragging your mouse between any two days and see the black arrow appear. Hold and drag to bring that programming into more days. You can select your entire planning to regenerate it, or delete it if needed. Here you can also configure your intro and outro for ads and select the appropriate filler boxes.
